

## BACPR/NACR Certification 2020

Data from the National Audit of Cardiac Rehabilitation (NACR) is used to quality assure services in the UK and in doing so creates an opportunity to support patient choice through sharing relevant data. The National Certification Programme for CR (NCP\_CR) is a joint initiative between the British Association for Cardiovascular Prevention and Rehabilitation (BACPR) and BHF NACR that reports on the quality of CR in the UK. The NCP\_CR uses four categories (Green, Amber, Red and Fail) to report CR service quality against seven Key Performance Indicators (KPIs).

### NCP\_CR classification scale

NCP_CR Status	KPIs
 Green (certified)	Meeting all seven KPIs
 Amber	Meeting four to six KPIs
 Red	Meeting one to three KPIs
 Fail	Meeting no KPIs

**\*NCP\_CR Steering Group agreement for 2020: no programmes will be downgraded (Green to Amber/Amber to Red etc) this year due to the impact of Covid-19 on data entry. These programmes are Held at last year's status.**
